Management's Responsibility For Financial Reporting

December 31, 2015

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the consolidated financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the consolidated financial statements. A summary of the significant accounting policies are described in Note 1 to the consolidated financial statements. The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced. The internal controls are designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements.

The Council is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control, and exercises these responsibilities through the Council. The Council reviews internal financial statements on a monthly basis and external audited consolidated financial statements yearly. The Council also discusses any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The external auditors, Grant Thornton LLP, conduct an independent examination, in accordance with Canadian auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to financial management of the City of Summerside and meet when required. The accompanying Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the consolidated financial statements.

On behalf of the City of Summerside

To His Worship the Mayor and
Members of the City Council

We have audited the accompanying consolidated financial statements of the City of Summerside, which comprise the consolidated statement of financial position as at December 31, 2015, the consolidated statements of operations, cash flows and changes in net debt for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the City of Summerside as at December 31, 2015, and its financial performance and its cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards.

Notes to the Consolidated Financial Statements

December 31, 2015

1. Summary of significant accounting policies

The consolidated financial statements of the City of Summerside are prepared by management in accordance with Canadian Public Sector Accounting Standards of the Canadian Institute of Chartered Accountants. Significant aspects of the accounting policies adopted by the City are as follows:

a) Reporting entity

The consolidated financial statements reflect the assets, liabilities, revenues, expenses, and surplus of the reporting entity. The reporting entity is comprised of all organizations and committees that are accountable to the City for administration of their financial affairs and resources, and which are owned or controlled by the City.

b) Consolidated entities

In addition to the General Fund, the organizations included in the consolidated financial statements are as follows:

City of Summerside Electric Utility	City of Summerside Sewer Utility
City of Summerside Water Utility	Electro Thermal Storage Program

c) Basis of accounting

The accrual basis of accounting is used for all funds. The accrual basis of accounting recognizes revenues as they are earned and measurable; expenses are recognized as they are incurred and measurable as a result of legal obligation to pay.

d) Cash and cash equivalents

Cash and cash equivalents include cash on hand and balances with financial institutions. Bank borrowings are considered to be financing activities.

e) Revenues and expenditures

Major revenue and expenditure items are recorded on an accrual basis. Certain sources of revenue are recorded on a cash basis.

f) Investments

Short term investments consist of Guaranteed Investment Certificates and are recorded at quoted market value. Sinking fund investments consist of equity and fixed income investments and are recorded at quoted market value.

Notes to the Consolidated Financial Statements December 31, 2015

1. Summary of significant accounting policies (cont'd)

g) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenue over expenses, provides the consolidated change in net financial assets (net debt) for the year.

h) Tangible capital assets

Tangible capital assets and projects in progress are recorded at cost.

In compliance with Section 3150 the City records amortization of its assets over their estimated useful lives. The straight-line method of amortization is used. Amortization begins in the year following acquisition, except for major projects with revenue streams, for which amortization begins upon substantial completion.

Asset useful lives (in years)

Plants, Buildings, Structures	20-40
Equipment and Vehicles	
Engines – Generation	50
Internet/IT	5
Other Equipment and Vehicles	10-20
Electro Thermal Storage Equipment	10
Distribution and Collection Systems	
Electric	40
Water	83
Sewer	83
Summerside Community Network	7
Streets	
Local	25
Collector	10
Sidewalks	40
Storm lines	83
Wind Farm	25

i) Revenue recognition

- a) Tax revenue is property tax billings which are received directly from the Province of Prince Edward Island. Taxes are billed based on the assessment rolls provided by the Province of Prince Edward Island at rates set by the City. Taxation revenue is recorded as it is received in monthly instalments from the Province of Prince Edward Island. Assessments and the related property taxes are subject to appeal to the Province of Prince Edward by residents. The City's revenue is adjusted for any of these appeals using a yearly statement.

Notes to the Consolidated Financial Statements

December 31, 2015

1. Summary of significant accounting policies (cont'd)

Revenue recognition (cont'd)

- b) Government transfers are transfers of monetary assets or tangible assets from a government to an individual, an organization or another government that are not the result of an exchange transaction, expected to be repaid in the future or expected to produce a direct financial return. Government transfers received are recognized in the consolidated financial statements as revenue when the transfers are authorized and all eligibility criteria have been met except when there is a stipulation that gives rise to an obligation that meets the definition of a liability. In that case, the transfer is recorded as a liability and recognized as revenue as the stipulations are met.

Government transfers made to a recipient by the City are recorded as an expense when they are authorized and the recipient meets all eligibility criteria.

- c) Utility revenues are recorded when billed and receivable and collectability is reasonably assured.
- d) Other revenue is recorded when it is earned and collectability is reasonably assured.

j) Management estimates

The presentation of consolidated financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those reported. Significant estimates include pension amounts, severance amounts and the amortization of tangible capital assets.

k) Employee future benefits

The City accrues its obligations under employee future benefit plans and the related costs, net of plan assets. The costs of pensions earned by employees are actuarially determined using the accrued benefit method. For the purpose of calculating the expected return on plan assets, those assets are valued at fair value.

Past service costs from plan amendments are netted with outstanding unamortized actuarial gains/losses and recognized immediately. Current service costs are expensed during the year.

The excess of net actuarial gains/losses is amortized over the average remaining service period of active employees.

Notes to the Consolidated Financial Statements
December 31, 2015

2. Bank indebtedness

Bank indebtedness consists of a \$4,435,362.36 advance on the City's line of credit and \$796,096.39 of outstanding deposits, transfers, cheques and other bank balances. The City has an authorized operating line of credit of \$6,000,000, with an interest rate of prime less .50%, of which, \$2,360,734.03 was unused at December 31, 2015. The City has a capital line of credit of \$2,500,000, which was unused at December 31, 2015. The interest rate is prime rate.

At December 31, 2015 prime was 2.70%.

3.28% CIBC loan, payable in equal annual instalments of \$9,435.61 including principal and interest, maturing in December 2035, amortized to December 2035.	1,659,100	-
2.10% CIBC loan, payable in equal annual instalments of \$778.42 including principal and interest, maturing in December 2020, amortized to December 2020.	44,300	-
Total long term debt	\$ 69,189,685	\$ 65,300,523

Prime rate at December 31, 2015 was 2.70 % (December 31, 2014 - 3.00%).

Scheduled principal repayments in each of the next five years are due as follows:

2016	\$ 4,533,779
2017	4,550,054
2018	4,681,874
2019	4,812,258
2020	4,976,613
	<u>\$ 23,554,578</u>

Notes to the Consolidated Financial Statements December 31, 2015

4. Sick leave

Employees of the City earn annual sick days that can accumulate to a maximum of 150 days during their employment. Employees are eligible for a pay-out of earned sick leave at their retirement. A maximum amount equal to 125 sick days is payable at the regular retirement date while a maximum pay-out based on 75 days is payable at early retirement. Amounts paid are calculated using the employee salary amounts at the time of retirement.

An actuarial valuation of the plan was prepared as of December 31, 2015. The principal long-term assumptions on which the valuation was based were:

	2015	2014
Discount rate	5.5%	5.5%
General pay increases	3.0%	3.0%
Terminations prior to eligibility	Based on Ontario Light Scale	
Accrued liability	\$ 1,729,000	\$ 1,717,000
Sick leave sinking fund, market value	1,898,539	1,885,594

Notes to the Consolidated Financial Statements
December 31, 2015

5. Pension plans

Pre 1966 service

The City maintains a non-contributory defined benefit final average pension plan, which covers employee services prior to November 1966. The plan provides pensions based on length of service and the final five-year average earnings. The most recent actuarial report was completed as of December 31, 1999. During the year management performed a sensitivity analysis on the remaining pensioners and adjusted the pension obligation based on the results of this analysis (\$377,524 compared to \$525,304 in 2014).

	2015	2014
Pension benefits paid	\$ 73,260	\$ 83,591
Net assets available for benefits	68,596	139,524
Accrued benefit obligation	377,524	525,304

Post 1966 service

The City maintains a separate contributory defined benefit career average pension plan which covers employee service after November 1966. The plan provides pensions based on a specific percentage of an individual's salary during all years of service. The average age of the 132 active employees covered by the plan is 46. There are 3 former employees who are entitled to deferred pension benefits. At present, the plans provide benefits for 67 retirees.

Effective January 1, 2015 both the City and plan members agreed to decrease contributions from 12% to 11% of pensionable earnings. Future contribution rates will be subject to an annual review. In 2015, total contributions for current year's service were \$1,685,317 (2014 - \$1,687,781). Total benefit payments to retirees during the year were \$1,238,567 (2014 - \$1,629,942). A separate pension fund is maintained. Pension fund assets are invested primarily in marketable investments of organizations external to the government reporting entity, with some invested in fixed income instruments. The pension liability at December 31 includes the following components:

	2015	2014
Accrued benefit obligation	\$ 32,400,000	\$ 30,400,000
Actuarial value of assets	<u>(30,000,000)</u>	<u>(27,000,000)</u>
Pension plan deficit	<u>\$ 2,400,000</u>	<u>\$ 3,400,000</u>

Actuarial valuations for accounting purposes are performed annually using the accrued benefits actuarial cost method. The most recent actuarial report was prepared at December 31, 2014. The accrued benefit obligation shown for 2015 is based on an extrapolation of that 2014 valuation. There is a net unamortized actuarial loss to be amortized on a straight-line basis over the expected average remaining service life of the related employee groups (15 years).

Notes to the Consolidated Financial Statements
December 31, 2015

5. Pension plans (cont'd)

The actuarial valuation was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the City's best estimates. The expected inflation rate is 2.30 (2.15 percent in 2013 actuarial valuation) percent. The discount rate used to determine the accrued benefit obligation is 6.30 (6.15 percent in 2013 actuarial valuation) percent.

Pension fund assets are valued at actuarially determined market values. The expected rate of return on plan assets is 9.1%. The actual return on plan assets was 11.19 percent in 2014. Plan assets include Canadian, US and International Equities and Fixed Income estimated market value of \$32,404,928 (2014 - \$29,711,199).

The superannuation plan is a registered pension plan which allows employee contributions to be tax deductible by the employee and investment earnings in the trust funds to be tax sheltered. In order to maintain their registered status, the pension administrators must agree to administer the plan in accordance with certain rules set forth by Canada Revenue Agency.

	2014
Current year benefit cost	\$ 1,269,972
Interest on accrued benefit obligation	270,000
Actuarial gain	<u>(1,219,000)</u>
Employee future benefit expense	<u>\$ 320,972</u>

6. Property taxes	2015	2014
Commercial property tax	\$ 2,931,391	\$ 2,898,526
Non-commercial property tax	<u>5,005,373</u>	<u>4,834,103</u>

9. Budget

Public Sector Accounting Standards require a comparison of the results for the period with those originally planned on the same basis as that used for actual results. The fiscal plan in the statement of operations and statement of changes in net debt has been adjusted to be presented on a consistent basis as actual results. Below is a reconciliation of the figures from the approved fiscal plan to the consolidated financial statements:

Statement of operations:

	Approved Budget	Less: Principal Debt Repayments	Add: Amortization	Less: Eliminations	Budget per Consolidated Financial Statements
Revenue	\$ 47,079,434	\$ -	\$ -	\$ (5,070,419)	\$ 42,009,015
Expenses:					
General Government	5,148,611	(286,456)	1,167,984	(616,156)	5,413,983
Recreation programs	5,162,260	(1,630,181)	1,952,471	(607,363)	4,877,187
Protective services	4,537,967	(94,501)	237,207	(63,853)	4,616,820
Transportation services	3,018,590	(92,695)	2,616,157	(557,157)	4,984,895
Electric Utility	20,642,532	(1,151,400)	883,462	(2,769,322)	17,605,271
Water & Sewer Utility	4,943,617	(884,950)	1,137,320	(456,568)	4,739,419
	<u>43,453,577</u>	<u>\$ (4,140,183)</u>	<u>\$ 7,994,601</u>	<u>(5,070,419)</u>	<u>42,237,575</u>
Annual surplus	3,625,857			\$ -	\$ (228,560)
Capital expenditures	<u>(3,480,298)</u>				
Approved budget	<u>\$ 145,559</u>				

**Statement of changes
in net debt:**

	Approved Fiscal Plan	Adjustments	Adjusted Fiscal Plan
Annual surplus	145,559	(374,119)	(228,560)
Change in inventory	\$ -	\$ 177,116	\$ 177,116
Acquisition of tangible Capital assets	(9,598,552)	-	(9,598,552)
Amortization of tangible Capital assets	-	7,994,601	7,994,601
Debt principal Repayments	<u>4,140,183</u>	<u>(4,140,183)</u>	<u>-</u>
Change in net financial debt	<u>\$ (5,312,810)</u>	<u>\$ 3,657,415</u>	<u>\$ (1,655,395)</u>

Notes to the Consolidated Financial Statements

December 31, 2015

10. Commitments and contingencies

The City has been named as defendant in several legal actions and is subject to various risks and contingencies arising in the normal course of business. The City is defending itself against these legal actions. The likelihood of any liability is not determinable at this time.

Two agreements for the purchase of power have been signed. The first agreement, which terminates in October 2028, is with West Cape Wind Energy Inc. for the purchase of wind generation power. The second agreement, which is with NB Power will terminate August 31, 2019.

The City has a maintenance agreement with Vestas–Canadian Wind Technology, Inc. Under the terms of the agreement the City is committed to an annual fee of \$99,637 per turbine until December 2024.

The City has provided a \$240,000 loan guarantee to a lender in support of a loan obtained by Downtown Summerside Inc. The principal balance of the loan at December 31, 2015 was \$65,000.

The City has agreed to pay Slemon Park Corporation \$85,000 annually until 2029 in connection with the development and operation of the wind farm.

During 2014, the City sold its internet service utility (SCN) to a third party. Under the terms of the agreement the City will receive a base price for the customer base and the operational assets. If the utility reaches certain future operational benchmarks additional consideration could be received by the City. The City has recorded the base proceeds in 2014. Any additional revenues will be recognized when the City is entitled to future payment.

11. Subsequent event

On January 18, 2016, the City approved, as part of the loan Guarantee Program, a guarantee in the amount of \$900,000 to Shizhong Holding Inc. The guarantee was provided to the Company in connection with its acquisition of the Summerside Golf Club.

12. Comparative figures

Certain comparative figures have been reclassified from those previously presented to conform to the presentation of the 2015 financial statements.

Notes to the Consolidated Financial Statements

December 31, 2015

12. Segmented reporting

The City is a diversified municipal unit that provides a wide range of services to its citizens. For management reporting purposes the City's operations and activities are organized and reported by fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations. City services are provided by departments and their activity is reported in these funds. The services provided by these departments are as follows:

General Government

This segment includes departments that are responsible for the overall financial and local government administration. The tasks include, but are not limited to, daily accounting functions, preparation and coordination of the annual audited financial statements, coordination of the development of the annual budget, human resource functions for the entire municipal unit, economic development initiatives and maintenance of bylaws and policies. This would also include administrative and policy support for the Mayor and all members of City Council.

Recreation Programs

This segment is responsible for providing sports, recreation, cultural and leisure opportunities to the City's residents.

Protective Services

The city is responsible for providing police and fire protection for its residents. Other protective services provided include animal control.

Transportation Planning and Engineering

Services provided by our Public Works and Technical Services department are included in this segment. The following tasks are delivered by these departments: street maintenance, snow removal, planning and engineering services in the areas of land use and development and infrastructure.

Electric Utility

The city owns and operates its own electric utility, Summerville Electric. Operations include the purchase, sale, production, transmission and distribution of electricity to utility customers.

Water and Sewer Utilities

The city owns and operates its own water and sewer utilities. Operations of these two utilities include: provision of potable water to residents, maintenance and operation of the wastewater treatment plant, lagoons and sewer lift stations.

Internet Services

The Summerville Community Network department provides maintenance and operation to the municipality's computer systems (which include enterprise software solutions for the financial system, utility billing, software security, email, etc.) and provides internet services to customers that are located within the service coverage area.
