

Prince Edward Island

The City of Summerside's Municipal Services Department is responsible for maintaining essential services such as power, water, sewer, and wastewater; as well as snow removal and maintenance of roads and sidewalks, just to name a few.

What number do you call when you have a service issue or concern?

First and foremost, please **DO NOT** call the police or 911. Their phone lines are essential to emergency service responses provided by Police, Fire and Paramedics.

Instead, please call **902-432-1268** day or night with your service issues and concerns, such as:

In the event of a service interruption, this is the only number that will be set up with notifications and updates. You can call **902-432-1268** at any time to review the message, verify if there are any current issues and/or get instructions on how to report issues after hours.

The City of Summerside's Municipal Services Department is committed to providing you with the best services we can. We will do our best to communicate planned/unplanned outages on our website, Facebook and Twitter. Electric customers can also opt to subscribe to our Planned Power Outage email list by calling **902-432-1268**.
